Can't remember if I forwarded this to you. With Vineland and Hoosick it was a very busy Thursday.

I made sure that Dr. Fenton has e-mail and cell # contacts for Angela and Pat so hopefully they will touch base with each other. Angela has been on all the Hoosick update calls we did with Gillibrand's offices so Jordan Baugh and Dave Connors know her fairly well and have a high degree of trust in the information we have been providing them.

Subject: contact list for fed reps attending PFOA forum in Hoosick Falls, NY tomorrow, Fri, July 8th

All,

This is Jed Bullock, the Congressional Liaison for the National Institute of Environmental Health Sciences (NIEHS) at NIH.

I am helping prepare Dr. Sue Fenton from NIEHS for tomorrow's PFOA meeting in Hoosick Falls, NY, that Senator Gillibrand is organizing.

I prepared the attached one-pager for Dr. Fenton that lists the names, titles and cell phone numbers for each of the three other federal representatives that I understand will join her in attending the meeting tomorrow.

I told Alyson Northrup of Sen. Gillibrand's staff, who I've copied here, that I would go ahead circulate this document to the group in case it helps you.

I realize each of us have been in touch with one another individually today as we compared notes and shared info. Also listed below each name is a link to the respective agency public FAQ or fact sheet on PFOA/PFOS. I have attached these documents in PDF to this message for convenience. This way they are all in one place. And I've added the NY Dept of Health Info Sheet and FAQ about blood testing results in the community that we reviewed here at NIEHS.

Please note the attached contact list includes cell phone numbers for each attendee. These are listed just in case you want to get in touch with each other before the meeting tomorrow or in case logistical issues arise with your travel to Hoosick Falls tomorrow.

Very Respectfully,

Jed

Jed Bullock
